## PROFILE

Front-End Developer with hands-on experience in building responsive and interactive websites using HTML, CSS, and JavaScript, with knowledge of React.js. Successfully developed an E-commerce website, a personal portfolio, and a fully styled design-focused website using pure CSS. Passionate about clean design, user experience, and writing maintainable code. Always eager to learn and collaborate within a dynamic development team.

## PROJECTS

### Ecommerce

2024

- Developed the front-end of an E-commerce website using React, HTML, and CSS. The site includes product listings, a product detail page, and a shopping cart. Utilized React components and state management to ensure smooth navigation and a responsive user experience.
- Lead, mentor, and manage a high-performing marketing team,
